**PETITION FOR RULEMAKING**

C.C. Broadcasting Company ("C.C. Broadcasting"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 282A to the community of Chehalis, Washington, as follows:

| City                 | Present | Proposed |
|----------------------|---------|----------|
| Chehalis, Washington | None    | 282A     |

1. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 282A can be assigned to Chehalis in complete compliance with the Commission's distance separation requirements as contained in 47 CFR §73.207. The reference coordinates: 46-39-41 N 123-08-09 W will show the 70dbu (city grade contour) entirely encompassing the city of Chehalis, Washington. Moreover, there is a wide area available for placing an appropriate transmitter.

2. Chehalis is a city located in Lewis County, Washington. According to the 1990 Census, Chehalis has a population of 6,527 persons. Chehalis, the county seat, is located along Interstate 5 in southeastern Washington. The Chehalis area offers an airport and a local business core consisting of mining and food preparation. At present, the community is not receiving local community service from any FM service. Therefore, the public interest will be served by the assignment of Channel 282A to Chehalis, Washington.

3. If the Commission assigns Channel 282A to Chehalis, Washington, C.C. Broadcasting will apply for a construction permit and will construct a new facility upon award of that permit.

**WHEREFORE**, in accordance with the above, C.C. Broadcasting Company respectfully requests that Channel 282A be assigned to Chehalis, Washington.
